

# Becoming a Cosmic Citizen

Show Outline: Week 20

What do they have to offer us?

How to Relate with your ET Friends

June 8th, 2015

Opening Music: *What Have We Done* 5:25

*First: I did get the chapter on Service to Self, Service to Others, Service to the Universe up on my website so you can download it and develop some answers for yourself before that week's program. Planning on doing that program on June 15<sup>th</sup>, and hopefully with some pre-study and contemplation we can have a freewheeling discussion of the concepts covered in that essay.*

What do our Galactic cousins have to offer to us?

Technology *obviously*

How would we use it?

Do the covert projects already have it?

Are they using it properly?

How would new technologies change our world?

**What could our Galactic Neighbors share with us that is even more important than advanced technologies?**

**Re-assessment of our self-image.**

**True history of our planet and our origins.**

**A new accountability for our leaders.**

**New structures of government, society, business, finance, and more.**

**How do YOU see this transition coming about?**

**How will we transition from our current structures to new and more beneficial structures for all?**

**Call 646-478-3085 and press 1 to share your thoughts.**

**Empire and domination giving way to cooperation, mutual benefit, and respect for all.**

**Remember, WE are being watched with great interest as to how we solve these problems.**

**Chapter exercise: *Contributing to the Universe.***

## **How to relate to your Galactic Cousins**

**First of all, relate to them as people.**

**Think of them as long lost cousins who have lived in a foreign land.**

**Don't pester them to death with millions of questions, they may just want to commune and be together.**

**Give them a chance to share and speak openly in a safe environment.**

**They want to be seen as equals, don't treat them like gods.**

**Question: What kind of problems could treating our Star Cousins as gods cause?**

**Call 646-478-3085 and press 1 to share your thoughts.**

**Co-dependency,**

**Has that ever happened on our planet in the past?**

**Greek, Roman, Egyptian, Norse, Mayan, Incan, or other "Gods".**

**Did it go well for either party?**

**Imaging yourself as a "Connecticut Yankee", able to go back in time but take your technology with you.**

**How would YOU be received?**

**How would YOU handle yourself?**

**Would you allow your ego to get the better of you?**

**Call 646-478-3085 and press 1 to share your thoughts**

Turn this situation around and look at it from the perspective of our visitors. Ask YOURSELF: How will different approaches to open contact and disclosure work for them and for us?

Preliminary contacts: Are you the kind of person they are looking for?

What would they be looking for among those they contact to start the process?

Leaders, educators, high integrity.

Maybe for now they just would appreciate a friend with whom they can let their hair down and speak openly.
